

The Benders

*Celebrating 20 Years of
Great Entertainment!*

The Benders are polished and professionals and are sought out by such musical legends as **The Platters**, and **The Marvellettes**. Rock and Roll Hall of Famer , **Billy Richards**, lead singer of **The Coasters** says, " These guys are show business. Whenever we're in the midwest, we ask to work with The Benders

The Benders understand that the entertainment they provide for your event reflects directly on you and we will do their part to create a positive reflection. **The Benders** come from the old school of entertainment, They believe people hear with their eyes as well as their ears, so looking good is a priority. **The Benders** not only have exceptional musical talent, but dressing and performing with class and style for every show they perform is the status quo. We look good so you look good!

Saxophonist **Kevin May** sums up **The Benders** approach like this, " We take the word showbiz serious, we know that the show comes first, and without it, there would be no "biz".
